

DP 420

Duplex Multi-Surface Floor Cleaner

From wall to wall and into the tightest corners, the Duplex can be used in restoration or as an integral part of your daily maintenance program. Clean virtually any floor surface as carpet, grouted ceramic, textured surfaces, rubberized floors and even escalators are no obstacle for the Duplex.

Key Features

- Simply fill the solution tanks and squeeze the trigger to feed cleaning solution onto twin counter-rotating brushes
- Conveyors recover the dirty water, depositing it in the central recovery tank or you can choose to double scrub the area and pick up the water later
- Offset brushes and drive unit work right to the edge of the machine and into difficult areas
- Remarkable performance resulting from unique 800,000 bristle brushes counter-rotating at 780 rpm, actively lifting dirt, water and grime from the floor surface, replacing mops, buckets, scrubbers and wet vacuums
- Counter-rotating brushes lift the pile as required by carpet manufacturers
- Excellent for hotels and high-occupancy buildings as the carpet dries in less than 30 minutes

DP 420

Brush options include:

- Grey is the standard all-purpose brush
- Two grades of black brushes for regular or aggressive scrubbing
- Yellow for sensitive carpet areas

Model	DP 420
Cleaning Path	14"
Solution Tank	1.6 gal.
Recovery Capacity	1 gal.
